1) This question has already arisen — no doubt in a very limited form — vide file bearing D. No. 3729 relating

Sir R. Gwyn Duff, placed

below.

a) As regards those who may choose to stand out of the interview, one obvious course would be - provided the Govt. of India have no objection to it - to let such officers continue to hold their present posts until they retire or they are provided elsewhere.

b) If the situation referred to in the Hon'ble Minister's minute referred to overleaf is likely to arise, it may be well to keep the Govt. of India advised in advance so that the S. R. B. can chalk out its programme of stay according to the number of candidates it has to interview.

Serial No.

At the same time, the views of the Govt. of India may be ascertained as regards the continuance in their present posts of those officers who prefer to stand out of the I. A. S. Scheme.

7) It is desirable that the matter is discussed with a few representatives of the Civil Service and after ascertaining their views, the Govt. of India is addressed with a view to bringing the situation to their notice.

Note by Chief Secretary:

14) The Office copy of the letter dated 31-7-50 to Sri V.P.Menon (copy sent to Sri H.V.R.Iyengar) by the Minister for Finance and Industries was seen by me, after issue to-day (2-8-50). I feel obliged to leave on record the following, for the sake of clarity and for a proper appreciation of the contents of the letter I have also discussed the matter with the Minister for Finance and Industries this afternoon, and explained my view point.

15) The decisions referred to in the letter are <u>not</u> unanimous (it is nowhere said so in the printed proceedings also) in the accepted sense. To my knowledge there were at least two, - the Chief Secretary and the Chairman of the Meeting -, who did not express themselves for or against the decisions. These remarks apply to the 1st sentence of the 4th para of the letter as well.

16) Speaking for myself, my attitude and limit of participation at this as also at the previous and subsequent meetings, - including the one in the room of the Minister for Finance and Industries, were strictly that of the Secretary to Government, who was handling the matter as the Administrative Secretary in charge of it, and, whose business at all these meetings, as I understand it, was on behalf of the Government to only explain to the members present, the details of the scheme, to clear up the doubts and difficulties in the way of a proper understanding of the scheme and its implications, to answer questions relating thereto, and to generally help them in a correct appreciation of its various aspects. I am no party to any of the conclusions arrived at. Though, as a member of the M.C.S. Association I could have given expression to my own

views (and would have only exercised my right as member in doing so), I have chosen to exercise my equally valid right not to express my personal views and predilections. The reasons are:

(a) that I happened for the time being to hold the office of the Chief Secretary;

(b) any opinions I might express may be given greater weight than should normally be their due; and

(c) such views may even be mistaken for the views of Government, because of my holding a particular office at the time.

9) The Revenue Commissioner who is the Chairman of the Managing Committee, and who took the chair at all these meetings (except the one held in the room of the Minister for Finance and Industries), I am aware, has also refrained from giving expression to his own views at the meetings, as indeed a Chairman should.

10) If the letter of the 31st July 1950 were to give any meaning other than what has been mentioned in para 2 above, I submit that such meaning would be wholly foreign to the actual facts.

No.12/5/50-AIS.
Government of India,
Ministry of Home Affairs.

From

R. A. Gopalaswami, Esquire, I.C.S.,
Special Secretary,

To

The Chief Secretary to the Government of Mysore,
Bangalore.

NEW DELHI-3, the 17th June, 1950.

Subject:- Indian Administrative Service (Extension to States) Scheme - Selection of States Civil Service officers.

...

Sir,

With reference to your letter No. 3841/C.B., dated the 4th June 1950, on the above subject, I am directed to say that the letter has been very carefully considered by the Government of India and they are unable to accept the proposal that "all the existing officers of the Mysore Civil Service may be taken to the Indian Administrative Service cadre of the Mysore State by way of initial recruitment", dispensing altogether with the prescribed procedure of selection through the Special Recruitment Board.

2. The first of the two reasons put forward in your letter is the anxiety expressed by members of the Mysore Civil Service over their future prospects. I am to recall

(a) that, in the light of discussions with representatives of Part B States, the position of existing incumbents of Indian Administrative Service cadre posts in State Services is specially safeguarded by detailed provisions contained in paragraph 4 of the Scheme; and

(b) that the position of the officers of Mysore Civil Service is further safeguarded by the terms of the letters specified in the margin on the basis of which the Indian Administrative Service cadre is being created in Mysore. In the opinion of the Government of India, there can be no vested or accruing service right which is not adequately safeguarded in this manner.

1. Letter No. 5417/CB, dated the 24th November 1949, from the Government of Mysore.
2. Letter No. 12/3/49-AIS, dated the 31st December 1949, to the Government of Mysore.

3. The second reason given by the Mysore Government for departing from the provisions of the Scheme to which they had given their/....

consent is that it is humiliating for their officers to appear before a Selection Board "irrespective of their qualifications, training, experience, long service, etc". There is no justification whatever for this opinion, if regard be had to the exceptional character of the creation of an All India Cadre in a Part B State, as well as the high status of the Special Recruitment Board. In any case, the system of selection by interview by the Special Recruitment Board is applicable to all States equally. It is impossible to discriminate between one State and another; or, for that matter, between officers in the same State recruited on the basis of open competition from others recruited on the basis of ad hoc nomination. The Government of India do not see any reason why the officers of the Mysore Government should be treated in a manner different from those of other States nor why the former should sense any humiliation in a procedure which has been accepted by all other Governments and have followed in the case of their officers.

4. The Special Recruitment Board have got a heavy programme before them and the delay due to this correspondence has already caused considerable dislocation. I am to request, therefore, that the State Government may be moved (in the light of what has been stated in paras 2 and 3 above) to adhere to the arrangements already agreed upon; and that, on that basis, you may get in touch immediately with the Secretary of the Special Recruitment Board. The Government of India desire that the work of the Special Recruitment Board should proceed without any further interruption or delay.

Yours faithfully,

(R. A. Gopalaswami)
Special Secretary.

SPECIAL RECRUITMENT BOARD.

New Delhi-2, dated the 14th July 1950.

Dear Sir,

Please refer to the Ministry of Home Affairs letter No.13/5/50-50-AIS, dated the 13th July 1950, regarding the selection of State Civil and Police Officers for appointment to the Indian Administrative Service and Indian Police Service under the Indian Administrative Service and Indian Police Service (Extension to States) Schemes.

2. The Special Recruitment Board have provisionally decided to visit the Mysore State early in August next, for interviewing the State Civil and Police Officers for emergency recruitment to the Indian Administrative Service and Indian Police Service under the Indian Administrative Service and Indian Police Service(Extension to States) Schemes. The exact date of their arrival in Bangalore, the duration of their stay and further details of their programme will be communicated in due course.

3. As you are aware the Board is constituted as follows:-

1. Shri R.N. Banerjee, I.C.S., Chairman.
2. Shri V.R. Puranik) Members.
3. Dr. Panna Lall)

In the absence of Sri R.C. Dutt, ICS., who has been temporarily reverted to West Bengal, I am attending to the work of the Secretary of the Board.

4. In addition to the interview of the States Service officers, the Special Recruitment Board will be interviewing Open Market candidates who have applied in response to the Board's advertisement of January 1950 and officers of the Mysore Railway and Audit and Accounts Departments. During the interview of the States Service Officers and the Open Market candidates, representatives of the Mysore Government will assist the Board, and when the interviews of the Railway

PTO.

Accounts Officers are held some representative of the Railway Board and the Indian Audit Department will assist the Board.

It is presumed that the State Government will make all arrangements for the stay of the Board at Bangalore i.e. Office accommodation, Residential accommodation, telephones etc., as was done on the last occasion when Special Recruitment Board visited Bangalore in November-December 1948. Please confirm and let me know exactly the details of the arrangements that will be made. The place of interview may be decided as the information will have to be communicated to the open market candidates called for interview.

On hearing from you the programme of the Board will be fixed and the exact dates communicated to you.

GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, 21st July 194 1950.

Dear Sir,

Subject: I.A.S. Scheme - Selection of States Civil Service Officers.

With reference to the discussions with Shri H.C. Dasappa, Minister for Finance and Industries and in-charge Chief Minister had with the States Ministry during his recent visit to Delhi on the 6th July last, I am desired to say that the Government of Mysore have gone into the question of the selection of the State's Civil Service Officers by the Special Recruitment Board once again and have had a discussion with some representative Officers of the Mysore Civil Service.

The Officers continue to express considerable apprehension as to the proposed method of selection and as regards the future of those who may not be enlisted into the I.A.S. There are also a number of points connected with the I.A.S. Scheme on which clarification is necessary.

As a first-hand personal discussion of the points that have arisen between one or two Officers of the Home Ministry dealing with I.A.S. questions and a few representatives of the Mysore Civil Services Association would be more useful than long-range correspondence, it is suggested that perhaps the best way of finalising the matter and arriving at a decision agreeable to all the parties concerned would

Sri Bapat and/or

could be for Sri R.A. Gopalaswami ~~and/or Sri Bapat~~ to go over to Bangalore for a day with a view to holding a personal discussion with the officers of the Mysore Civil Service and explaining the points on which doubts and difficulties have arisen.

It is earnestly requested that the Government of India may see their way to agreeing to this suggestion, and may please arrange for these two officers to visit Bangalore at a very early date. The Government of Mysore will be very glad to make arrangements for putting up the Government of India Officers as State Guests and for calling a meeting on hearing from you.

I am sending a copy of this letter to the Secretary to the Government of India, Ministry of Home Affairs.

Yours sincerely,

SIR,

Dear Sir,

Subject:- I.A.S. - Selection of State Civil Service Officers.

Ref: (1) D.O. letter No. 12/3/50 S.R.B. dated 14th July 1950 from the Special Recruitment Board.

(2) Letter No. 12/5/50 - A.I.S. dated 14th July 1950 from the Ministry of Home Affairs.

The question of the selection of State Civil Service Officers to the I.A.S. is still under negotiation with the Government of India. I am to enclose a copy of letter No. 6338/GB. dated 21st July 1950 addressed to States Ministry with copy to Home Ministry.

2. In any case, the date proposed for the visit of the Special Recruitment Board to the State, namely, early in August 1950 would not be convenient owing to the fact that the Birthday Celebrations of His Highness will be held during the first week and ~~all~~ most of the officers will be away in Mysore.

3. It is suggested that, if there is no objection, the Special Recruitment Board may fix up a programme to visit the State after the second week of August 1950, on hearing from this Government.

4. As regards the interviews of the Officers of the Mysore State Railway and Audit and Accounts Departments, I am to point out that it was agreed at the Chief Secretaries' Conference held at Delhi in

....

February 1950 that a representative of the State Government or of the State Public Service Commission should be associated in an advisory capacity with the Ad Hoc Committees constituted to deal with the assessment of gazetted officers and with the equating of non-gazetted posts and grades (vide extracts). But it is stated that when the Special Recruitment Board interviews the Audit and Accounts Officers of this State some representatives of the Indian Audit Department will assist the Special Recruitment Board and when the Railway Officers of Mysore State Railway are interviewed, only representative of the Railway Board would assist the Special Recruitment Board. There is no mention of any representative of this Government sitting with the Board in an advisory capacity. The point may kindly be clarified. This Government wish that as in the case of I.A.S. and I.P.S. selection some representatives of this Government may be associated with the Special Recruitment Board during the interviews.

5. Sri K.V. Ganapathi Iyer, our Officer on Special Duty is taking up this question with you in greater detail when he visits Delhi in the near future. The Minister for Finance and Industries and in charge Chief Minister has addressed a separate letter in regard to the necessity for screening officers of the Railway Department in Mysore which may also be considered in this connection.

Yours faithfully,

~~Sir~~,

Subject:- Proceedings of the Chief Secretaries held at New Delhi on 24th and 25th February 1950 - associating Chief Secretaries of Part 'B' States as "Observers" with the Ad Hoc Committee constituted to deal with the assessment of Gazetted Officers and with the equating of non-gazetted posts and grades.

Reference: Ministry of Railway's letter No. ES 50001/I dated 10/6/1950.

Sir,

The Secretary, Special Recruitment Board, Ministry of Home Affairs has intimated that the Special Recruitment Board visiting Mysore for selecting the State's Civil Service Officers for I.A.S. will be interviewing among others the officers of the Mysore Railway Department and that during this interview, some representative of the Railway Board will assist the Special Recruitment Board. There is no mention of any representative of the Mysore Government being associated with the Special Recruitment Board in an advisory capacity when the interview of the Railway Officers is held.

I am to point out that this procedure, if correct, would be contrary to the arrangement agreed to at the Chief Secretaries' Conference held during February 1950. I am, therefore, to request that the matter may kindly be clarified at once and it may be confirmed that a representative of this Government would be associated with the Special Recruitment Board when the interviews of the Railway Officers are held.

The Minister for Finance and Industries and the Chief Minister in charge has addressed a separate letter in regard to the necessi'

for-

screening officers of the Railway Department in Mysore which may also be considered in this connection.

I am also to add that the Government of India is being moved to send one or two officers of the Ministry of Home Affairs to Bangalore for clarifying certain points that have arisen before the Special Recruitment Board goes over here for the selection of officers.

An immediate reply is requested.

Subject:- Proceedings of the Chief Secretaries' Conference held at New Delhi on 24th and 25th February 1950 - associating Chief Secretaries of Part 'B' States as "Observers" with the Ad-hoc Committee constituted to deal with the assessment of Gazetted Officers and with the equating of non-gazetted posts and grades.

I am desired to say that the Ministry of Home Affairs have intimated that the Special Recruitment Board which is visiting the State for the selection of State Civil and Police Officers for appointments to the I.A. and I.P. Services will interview, among others, officers of the Audit and Accounts Department and that when these officers are interviewed, some representative of the Indian Audit Department will assist the Special Recruitment Board. There is no mention of any representative of the Mysore Government being associated with the Board in an Advisory capacity. This is contrary to the arrangement agreed to at the Chief Secretaries' Conference and this Government urge that a representative of the Mysore Government should be associated with the Special Recruitment Board when the Accounts Officers are interviewed.

Apart from this, I am to suggest that as the bifurcation of the Audit and the Accounts Departments has not been completed and the selection of Officers by the Special Recruitment Board would naturally be confined to Officers of the Indian Audit Department, the selection of Officers of the Accounts and Audit Departments of the State may be held over till arrangements are completed for bifurcation.

I am to request you kindly to arrange to address the

Meanwhile, the Government of India is being moved to depute Sri Bapat and Sri Gopalaswami of the Ministry of Home Affairs to Bangalore for clarifying certain points that have arisen in connection with the extension of the I.A.S. scheme to the State, and it may be well to discuss the question of the procedure to be followed in connection with the selection of officers of Accounts and Audit Department with them.

Sri Puttarangaswami explained that the meeting was exploratory in character and was convened with a view to determine the issues that require clarification with reference to the Indian Administrative Service Scheme.

At the request of some of the members Sri Srinivasan explained in brief the outlines of the scheme.

The following are the points that were tabled for clarification. After discussion on each point tentative conclusions were arrived at as noted below:

(1) Whether the Mysore Civil Service should integrate with the I.A.S. or not?

The concensus of opinion was that there is no objection to integrate provided adequate safeguards are ensured to protect the interests of the existing personnel.

(2) Whether there should be screening or not?

During the discussion it was emphasized that there should be no screening for Mysore Civil Service Officers in view of the fact that they are members of a long established Civil Service with a reputation and a record second to none in India, that the present incumbents are holding these posts in view of their efficiency and experience and that any screening by an outside body would not only be derogatory to the prestige of the Service as a whole but would also be humiliating to individuals and could not be expected to yield fair results. In case any selection is inevitable, it may be done both for junior and senior men and that only by our Government who alone are competent to determine the relative merits of the existing personnel.

(3) What is the number of Senior Service posts to be included in the I.A.S. Cadre?

According to the scheme as originally contemplated the total number of senior posts had been fixed at 27. It was felt during the discussion that the handing over of such a large number of listed posts to the I.A.S. would seriously affect the prospects of junior officers of the Provincial Service and would deprive them of the opportunities they would normally have had for promotion to the higher cadre. It was therefore, suggested that the total number of senior posts to be included in the I.A.S Cadre be kept at the minimum. Varied suggestions were made indicating that the number may be fixed at 18, 19, 21, 22. The concensus of opinion was that the exact number may be fixed by Government within this range.

Having regard to the fact that Government had originally decided upon the selection of a number far larger than that now proposed for the senior posts and in view of the present reduction in number, it was agreed that all those selected by Government in excess of the encadred strength should be treated as supernumeraries to be absorbed as and when vacancies arise and that in the meanwhile they should be given the same pay, weightage etc, as the encadred men.

In regard to junior officers also, since the number earmarked for selection is far in excess of the ratio fixed in the scheme the surplus should be treated as supernumeraries and given similar benefits in respect of pay, weightage, etc.

It was further agreed that there should be no direct recruitment either to the senior or junior posts in the I.A.S. Cadre till such time as all the supernumeraries (Senior & Junior) are absorbed.

Rate of flow of promotion.

Various suggestions were put forward but no agreement was arrived at on this point.

How do we deal with the case of persons not appearing for selection or not selected?

In view of the fact that selection if inveitable, will be made only by our Government and the same scales of pay as

are allowed to the I.A.S. men are to be allowed to supernumeraries the question does not arise.

Classification of Officers (List II & III.)

This does not arise in view of the earlier decisions.

In case there is no option but to appear for an interview and if the incumbent refuses to submit what is the relief he can expect?

In the event of the safeguards suggested above not being considered the incumbents that decline to appear before the Interview Board should be given retirement benefits as already unanimously resolved at the last Special General Body Meeting of the Mysore Civil Service Association namely, a special pension equal to 3/4th of the average emoluments drawn by the incumbent during the last completed year of service.

Enlargement of existing cadres in view of the I.A.S. Scheme

In view of the fact that a number of officers occupying the higher posts have been acting for long periods and will be adversely affected while their pay in the I.A.S, grades is being fixed, it is essential that immediate action should be taken to enlarge the existing cadres of both Heads of Departments and Deputy Commissioners, having regard to the number of men actually occupying the posts.

It is suggested that the cadres be expanded as follows:

Heads of Departments to be increased to 8.

Deputy Commissioners' cadre to be increased to 24 the 1st, 2nd and 3rd grades being equalised at 8 each.

Senior Assistant Commissioners to be increased to 20.

It was further suggested that Government be requested to issue immediate orders for the filling up of all existing vacancies in view of the impending integration.

What will be the sanctioned strength in the Senior and Junior posts in the Provincial Cadre after the integration?

It was agreed that this question can only be decided after the integration scheme is finalised.

MINISTRY OF STATES
NEW DELHI
July 25, 1950.

My dear Srinivasan,

Sub: I.A.S. Scheme - Selection of State Civil Service Officers.

Ref: Your D.O. No. 6338 dated 21st July 1950.

The Government of India have carefully considered your letter and regret their inability to accept the procedure you have outlined.

2. The salient facts are as follows. The Mysore Government accepted the extension of the I.A.S. Scheme to their State with full knowledge of the provisions of the Scheme.

The Scheme safeguards the position of all civil servants in all the States on the lines which were agreed upon in the conference of Chief Secretaries held in July 1949. Special safeguards for Mysore Civil servants were further agreed to in Home Ministry's letter dated the 31st December 1949. Finally, the whole subject was again brought up for discussion by the Finance Minister of Mysore at the meeting held in the States Ministry on the 8th July 1950. He was assured that all the points raised by him would be kept open and discussed by a Home Ministry representative with a representative of the Mysore Government next month and that the result of the discussions would be considered by the Government of India before orders are actually issued fixing the cadre strength and appointing selected officers against them.

Shri Dasappa accepted the assurance and specifically agreed that interviews by the Special Recruitment Board should proceed without being held up any longer. It now appears that the Mysore Government have disregarded this commitment and are proposing a procedure which would render the settlement of an interview programme contingent upon the outcome of a process of parleying with Mysore Government servants. The Government of India are bound to consider the proposed procedure not only as somewhat unseemly but also calculated to prejudice the maintenance of discipline among Mysore Government servants.

3. In our opinion, the immediate next step should be the fixation of dates for the programme of interviews by the Special Recruitment Board. After this step has been taken, the Government of India will depute a representative of the Home Ministry to visit approximately one week after the commencement of interviews, for the purpose of discussions of the issues arising out of the meeting held on the 8th July 1950.

The course we propose has the advantage that discussions regarding fixation of cadre strength and consideration of future position of non-selected officers will be facilitated by the information likely to become available in the course of interviews. On the other hand, discussions held in advance would have to be based to a considerable extent on general principles and hypothetical considerations and might consequently prove to be inconclusive.

4. Finally, I am to add that owing to other engagements and pressure of work it would not be convenient for the Home Ministry to spare an officer to visit Mysore until after the first fortnight of August; and that the delay that has already occurred in the settlement of the programme of the Special Recruitment Board has caused considerable dislocation.

Yours sincerely,

BANGALORE,

Dated 31st July 1950

My dear Sri Menon,

Subject: I.A.S. Scheme.

We are in receipt of your letter P.S.417/50 of 25-7-1950 to the Chief Secretary. I am afraid the intentions of Mysore Government are very much misunderstood.

The Senior members of the Mysore Civil Service and some of the Junior members also met at a ~~small~~ conference and arrived at some unanimous decisions - a printed copy of which is enclosed herewith. As will be seen, among members present were the Revenue Commissioner, the senior most member who presided, Sri E.V.Ganapathi Iyer the next in rank, the Chief Secretary who was fully conversant with the proposals and the situation, the Inspector General of Police and a number of other civilians.

You will agree that such a consensus of opinion among the Civil servants who had no objection to integration but sought certain safeguards could not be lightly brushed aside by the Government.

I may also mention that certain senior members themselves had already expressed themselves against screening and now as will be seen from the proceedings they are all unanimous that there should be no screening of the type envisaged. When I had a discussion with you, obviously I had not a full picture of the case and thought there would be no harm in S.R.B. visiting the place. But when a responsible body like the M.C.S. feels strongly in a matter, the Government would be failing in its duty if it did not bring ~~these matters~~ the benefit to the notice of the Government of India in time. It is only to be helpful to smoothen the process of integration that it was found desirable to request you to send Sri Bapat and/or Sri Gopalaswamy to Bangalore. Such a visit while securing the substance of I.A.S. integration, would enable the evolving of a procedure acceptable to all to realise that objective.

I would therefore earnestly plead that the proceedings of the informal meeting of the Officers of M.C.S. enclosed herein may be given due consideration and you will kindly see your way to send the above officers or any one else whom you may consider desirable ~~or to take any other action which will help realise the objective we have in common.~~

I have had a talk with Sri M.V.R.Iyengar the other day by phone and said I would also write to him. I have sent him a copy of this letter.

With best regards,

Yours Sincerely,

Dear Sri Srinivasan,

Kindly refer to your D.O.No.6343/C.B., dated July 20/21, 1950, addressed to Sri V. Narahari Rao, who is not in India at present, regarding the association of the Chief Secretary with the Selection Committees. The Special Recruitment Board are presumably aware of the proceedings of the Chief Secretaries Conference, as further clarified in Mr. Swaminathan's letters No.F.16-FFI/50, dated the 5th and the 11th April, 1950, copies enclosed for reference in case they have not reached you. I am, however, forwarding a copy of your letter to the Chairman, Union Public Service Commission.

2) As regards the staff that will be taken over ultimately by the State, if there are any Accounts Officers who prefer to revert to the service of Mysore, we shall not place them before the Special Recruitment Board. The question of the bifurcation of functions and staff is being taken up by the Accountant General with your Government separately.

3) We are not aware what items for clarification have been referred to the Ministry of Home Affairs over which discussions are proposed with Sri Bapat and Sri Gopalaswami. The Audit Department is in a class by itself, and I shall be grateful if you will kindly let me know the points on which further clarification is required.

Subject:- Recruitment to the Indian Administrative Service (Extension to States) Scheme - Selection of State officers.

Reference:- Correspondence resting with [redacted] letter No.F.23(67)-S/49, dated 12th May 1950.

Sir,

With this office letter No.1181/C.B. dated the 25th April 1950, a copy of the Proceedings of an Extraordinary General Meeting of the Mysore Civil Services Association held on the 9th April 1950, and certain other papers containing representations of the officers of the Mysore Civil Service have already been forwarded.

Some of the officers of the Mysore Civil Service have expressed great anxiety over their future prospects and in order to allay their apprehensions and with a view to redressing their legitimate grievances the Government of Mysore have taken some time to consider their representations.

There are two important points which are urged by the Mysore Civil Services Association. Firstly, they rightly contend that the future promotions and prospects of officers in the lower grades who may not be selected to the I.A.S. are likely to be prejudicially affected as a result of the integration of the Mysore Civil Service with the Indian Administrative Service. The number of senior duty posts left for inclusion in the non-I.A.S. cadre which are the only posts to which they can look forward to is comparatively small and the promotions to senior posts to which they could have looked forward in the normal course are now shut out to them because of the I.A.S. scheme. They have proposed that, as a measure of compensation, they may be provided with higher grades of pay in the junior posts in the Mysore Civil Service which they are now holding, and/or pensionary benefits with option to retire immediately in case they are not selected for the I.A.S. Apart from the question of extra cost that these proposals involve - and this by itself may not be inconsiderable - it is but fair that officers who have ac-

quired permanent rights under the Mysore Civil Service with scales of pay and conditions of service more or less guaranteed should not find their position suddenly jeopardised. It is an essential feature of the I.A.S. scheme, as extended to the States, that the legitimate claims of existing incumbents should be adequately safeguarded As the grievance of the Mysore Civil Service officers who may not be selected to the I.A.S. cadre in regard to their prospects is a real one, the Government of Mysore feel that this should be suitably redressed.

Secondly, the officers who have been selected to the Mysore Civil Service have been so selected either as a result of a competitive examination equivalent to any examination for similar services or on other grounds of equity with due regard to qualifications, experience etc. It is naturally felt that it is humiliating for these officers to have to appear, for a second time, before a Selection Board irrespective of their qualifications, training, experience, long service et. The Government of Mysore fully sympathise with this aspect of the problem and feel that their officers need all the consideration that it is possible to give them in this respect. Prima facie it seems to them that the process of screening and selection at this stage is entirely unnecessary and may be unwarranted in the case of a set of officers whose traditions are so well built up over decades and whose capacity for filling up higher administrative posts need not be doubted.

The Government of Mysore have carefully reconsidered the matter in the light of the representations made by the Mysore Civil Services Association and by individual officers and are of the view that, as the officers of the Mysore Civil Service have been recruited after a very careful selection and have undergone various items of training in the administration and have qualified themselves by passing the prescribed Local Service Examinations, all the 36 senior officers and 85 junior officers of the Mysore Civil Service as per lists sent herewith, may be exempted from appearing before the Special Recruitment Board for further screening and selection, and admitted to the I.A.S. cadre without an interview. The Government of Mysore urge that this view may kindly be accepted and the proposal

visit of the Special Recruitment Board to the State for the purpose of selecting officers for the I.A.S. cadre may be cancelled. The Government of India have already agreed that there is no objection to the total number of persons selected from amongst the State officers exceeding if necessary the total cadre strength fixed for the State, the excess, if any, being adjusted in later years by short recruitment. It is therefore requested that all the existing officers of the Mysore Civil Service may be taken to the I.A.S. cadre of the Mysore State by way of initial recruitment.

In view of the above, the allotment of candidates selected by competitive examination by the Government of India to this State may be held over till the junior officers now to be included in the I.A.S. cadre are promoted as senior officers or at any rate, for a period of five years when the position can be reviewed again.

After the above decisions were taken and were about to be communicated to the Government of India, Statesind telegram No.594/S, dated 2nd June 1950 was received and has already been replied to as in the copy enclosed.

The views of the Government of India may kindly be communicated at a very early date.

Yours faithfully,

Sd. K. Srinivasan.

NEW DELHI-2,

The 12th August, 1950.

Dear Shri Basappa,

Kindly refer to your demi-official letter No. 692/50-51/Enc.One, dated the 31st July, 1950 to Shri V.P.Menon with which you enclosed a printed copy of the proceedings of an informal meeting of the officers of the Mysore Civil Service. The various points raised by the members of the Mysore Civil Service in the informal meeting have been examined in consultation with the Home Ministry and I am desired in continuation of Hon'ble Minister's demi-official letter to you No.540-DPM/50, dated the 3rd August, 1950 to inform you as follows:

The decision to form a cadre of the Indian Administrative Service in Mysore was taken by the Governments concerned. This cadre cannot be constituted otherwise than on the basis of recommendations made by the Union Public Service Commission regarding selection of personnel. This is based on law, established administrative principles and the specific provisions of an accepted Scheme applicable to all States. This matter is no longer open to discussion.

2. During your last visit to Delhi the point was specifically raised that certain senior posts (which had been proposed for inclusion in the I.A.S. Cadre) should be excluded therefrom, in order that they might be available for promotion of Mysore Civil Service officers who are not appointed to the I.A.S. We are of the opinion that this would be a mistaken course because the exclusion of senior posts from the top is inconsistent with the increase of junior strength also proposed by Mysore Government. This would not be in the interests of their own officers, and it would create an unbalanced service structure. Nevertheless, the Home Ministry has agreed that this should remain open for discussion;

2/.....

and it will be discussed after the interviews under the Scheme have made progress.

3. During the discussions in Delhi the question had also been raised that the percentage of intake from reorganised Mysore Civil Service should be higher than 25 per cent, say 50 per cent. It had been pointed out then that it is not possible at this stage to make a fundamental change in the structure of the I.A.S. Scheme as it applied to all States. It was also not necessary, because it had been agreed that a plan of recruitment for the immediate future covering the next few years should be agreed upon, so as to absorb in the I.A.S. all officers who are selected as suitable for absorption in this service, even though places may not be available for them immediately in the cadre strength to be fixed. It has been definitely agreed that external recruitment would be diminished for an agreed period to the extent necessary for facilitating the absorption of suitable officers. The details can only be discussed and settled, when the selections have been made.

4. The position regarding officers who are not taken in the I.A.S. Cadre will be as follows:-

> Their existing rights to retention in posts of the grade to which such a right has already accrued and become vested would be preserved in the manner provided for List III officers. In so far as it may be found necessary to set apart posts included in the I.A.S. cadre, to be held by such officers, this will be done on a temporary basis. If and in so far as such officers are retained by the Mysore Government as permanent members of the Mysore Civil Service, the quota allotted for promotion from the Mysore Civil Service to the I.A.S. cadre will be available to them. Which officers are to be placed in List III and in what grade of posts, is a matter for determination after the selections for the I.A.S. are completed.

5. The position of the officers of the Mysore Government would not be affected in any way until after two notifications are published:-

3/.....

(a) a notification fixing the I.A.S. cadre strength in Mysore, and

(b) a notification appointing selected officers against that cadre strength.

An assurance has already been given that neither of these two steps will be taken, until after the discussion referred to above has been completed, and the results of the discussion are placed before and considered by the Government of India.

6. I trust the above covers all the points raised by the Mysore Civil Service Members with which the Government of India is concerned and the Mysore Government will without any further loss of time now write to the Special Recruitment Board and arrange suitable dates for the programme of interviews by the Board.

With kind regards,

Yours sincerely,

Sir,

Subject: Indian Administrative Service (Extension to States Scheme)

Ref: Correspondence resting with Ministry of States D.O. letter No. F.23(67)-S/49 dated 12th August 1950.

Since the above letter was received, the Chief Minister, Mysore Government, has had an opportunity of further discussing the matter personally with the officers of the Government of India during his visit to Delhi ~~xxxx~~ in August 1950, and the Mysore Legislative Assembly has met and discussed questions relating to the above Scheme and made its views known. Copies of the proceedings of the Mysore Legislative Assembly are being sent separately.

~~Extract from Questions and Answers~~ As many as..... questions were put on this single subject out of a total number of..... questions, and the following resolution was ~~made~~ moved at the Assembly:

"This Assembly is of the opinion that the proposed Indian Administrative Service Scheme should not be introduced in Mysore

without explaining the implications and obtaining prior approval of the Legislative Assembly".

The Members with one voice expressed the opinion that the extension of the Scheme in its present form was unacceptable. Some of the points urged by the Members are briefly touched on below:-

1. Mysore having a well-established Civil Service, it is considered not only unnecessary but undesirable at this stage to establish a cadre of the I.A.S. in the State and the proposed extension of the I.A.S. to the Mysore State may be abandoned, if possible.

2. The question of the efficiency of the officers of the Mysore Civil Service being beyond doubt, the proposed selection of the officers by means of the Selection Board is not only humiliating but superfluous. Selection by means of an interview is also considered to be defective and neither safe nor sound as a method of testing a candidate's ability.

3. The legitimate interests of existing incumbents are bound to be jeoparadised by the proposed selection and can never commend itself to the people of Mysore who have the interests of their officers so much at heart.

4. The possibility of non-Mysorean officers being posted to man administrative charges in the State would be a most unwelcome step.

5. The policy of this Government relating

to recruitment to the Public Service is based on a variety of reasons and is intended, inter alia, to satisfy the legitimate aspirations of all communities in the State and it is feared that the present proposal of the Government of India to introduce an I.A.S. cadre in the State would seriously affect the recruitment policy of this Government, which has been drawn up over a series of years with great foresight and considerable wisdom and has been worked with great success.

6. The interests of the backward communities for whom special safeguards have necessarily to be provided to ensure adequate representation in the Public Service are bound to suffer a setback and it cannot be expected that their legitimate interests could be sacrificed without creating serious discontent throughout the State.

7. The educational standards of different communities being unequal, it is only by means of some such methods of nomination to the Public Service as the Government of Mysore have been following, that due representation for members of all communities can be assured and maintained in the Public Service.

The Chief Minister, on behalf of the Government, made a statement explaining the point of view of the Government, the nature of their stand and commitments and the mover was requested to withdraw the Resolution.

On the assurance given by the Chief Minister that the discussions of the Legislative Assembly would be brought to the notice of the Government of India and that the points urged by the Members would be given due weight and consideration before finalising the terms of agreement for the extension of the I.A.S. Scheme to the State, and being fully represented to the Government of India, the resolution was withdrawn.

Having regard to these views of the Legislature which have been pressed on their attention, the Government of Mysore feel that they should bring the matter to the notice of the Government of India.

The Government of Mysore are giving their most careful consideration to the matter and while on the one hand they do not think of acting out of step with the Government of India, it would naturally be impossible for them on the other hand to flout the opinion of the Legislature without serious results. In the circumstances, they are reconsidering the matter and are trying to find a satisfactory solution for the situation that has arisen.

Meanwhile, the Chief Minister is proceeding to Delhi shortly with a view to discussing the matter personally with the Government of India.

Yours faithfully,

Subject: Indian Administrative Service - Visit of the Special Recruitment Board to Mysore State.

23.11.50

Referring to our conversation over the telephone yesterday, I am writing to confirm that the date suggested for the visit of the Special Recruitment Board to Mysore State, namely, the 15th November 1950, would be inconvenient and unsuitable for several reasons. In the first place, there is too short an interval of time between now and the 15th November to complete all the necessary arrangements for carrying out the programme of interviews without a hitch.

Secondly, His Highness the Maharaja's tour in the Districts is due to begin about the 26th instant and will go on till about the end of the first week of December. All our officers will naturally be very busy making preparations and arrangements in connection with this tour programme, and none of them can be withdrawn from their charges, even temporarily, without serious dislocation of work.

Another reason for postponing the visit of the Special Recruitment Board to a later date is the session of the Mysore Legislative Assembly which is being summoned to meet on the 11th December and onwards and the session of .....

the Science Congress to be held in Bangalore in the first week of January 1951. A heavy programme of legislative and other business is expected to be put through during the ensuing session of the Legislature and in connection with the Science Congress, large-scale arrangements will have to be made for putting up guests, visitors etc. All this will mean continuous work for our officers, and it would not be desirable or advisable to have the interviews by the S.R.B. in between these important engagements.

In these circumstances, I consider that it would be best to time the visit of the S.R.B. to the State from about the 15th Jan.1950. I shall discuss this and other matters with you when I go to Delhi on the 16th instant and we could then fix up the dates finally.

D.O. 698/50-57/8: Dtd 21-7-1950.

I am enclosing a letter which I have written to Sri V.P. Menon and a copy of the proceedings of a Conference of Mysore Civil Service members at which were present very senior officers including the Revenue Commissioner and the Chief Secretary. Their decisions are unanimous. It will be seen that while they are not against integration they want certain safeguards. One of the matters on which all are agreed is that there should be "no screening", as envisaged. We are in our own way fairly proud of our Civil Service - a matter which has earned your own personal approbation - and they are quite naturally reluctant to be 'screened' after so many years of devoted service. It is true that the Mysore Government had no objection to the visit of S.R.B., but when the strong feeling of M.C.S. against that particular mode expressed unanimously became clear, the Mysore Government thought it must be brought to the notice of the Centre. The same objective could be realised without submitting them to a process which was avoidable. There were, besides, certain matters to be clarified and so it was suggested to the States Ministry that they may kindly depute Sri Bapat or Sri Gopalaswamy or both to visit Bangalore. I am afraid, the whole spirit of the suggestion has been misunderstood and a somewhat flat negative has reached us.

This matter, I may say, has assumed some importance and some leading legislators have been agitating for the matter to be brought up before the Legislative Assembly. Mysore has been getting on well with its Services. With the elections before us, I feel rather strongly that we should go a little tactfully in the matter.

Anyway, I leave the matter in your safe hands.

Hope you are well and with best regards,

The Hon'ble
Sardar Vallabhbhai Patel,
Deputy Prime Minister,
NEW DELHI.

H. C. DASAPPA,

BANGALORE,
Dated 31st July 1950

My dear Sri. Menon,

Subject: I.A.S. Scheme.

We are in receipt of your letter P.S.417/50 of 25-7-1950 to the Chief Secretary. I am afraid the intentions of Mysore Government are very much misunderstood.

The Senior members of the Mysore Civil Service and some of the Junior members also met at a conference and arrived at some unanimous decisions - a printed copy of which is enclosed herewith. As will be seen, among members present were the Revenue Commissioner, the senior most member who presided, Sri K.V.Ganapathi Iyer the next in rank, the Chief Secretary who was fully conversant with the proposals and the situation, the Inspector General of Police and a number of other civilians.

You will agree that such a consensus of opinion among the Civil servants who had no objection to integration but sought certain safeguards could not be lightly brushed aside by the Government.

I may also mention that certain senior members themselves had already expressed themselves against screening and now as will be seen from the proceedings they are all unanimous that there should be no screening of the type envisaged. When I had a discussion with you, obviously I had not a full picture of the case and thought there would be no harm in S.R.B. visiting the place. But when a responsible body like the M.C.S. feels strongly in a matter, the Government would be failing in its duty if it did not bring the matter to the notice of the Government of India in time. It is only to be helpful to smoothen the process of integration that it was found desirable to request you to send Sri Bapat and/or Sri Gopalaswamy to Bangalore. Such a visit while securing the substance of I.A.S. integration, would enable the evolving of a procedure acceptable to all to realise that objective.

I would therefore earnestly plead that the proceedings of the informal meeting of the Officers of M.C.S. enclosed herein may be given due consideration and you will kindly see your way to send the above officers or any one else whom you may consider desirable.

I have had a talk with Sri H.V.R.Iyengar the other day by phone and said I would also write to him. I have sent him a copy of this letter.

With best regards,

Yours Sincerely.

D.O.No.540-DPM/50.
New Delhi, the 3rd August 1950.

My dear Dasappa,

Thank you for your letter No.693/50-51/Enc: 2 dated the 31st July 1950 regarding the scheme of Indian Administrative Service and its application to Mysore.

I quite appreciate your difficulties in dealing with your own officers, but you should appreciate ours also. All over India a recognised procedure has been accepted and followed. The 'screening' which we wish to make was done in the case of former Provinces where the Provincial Civil Services are older than the Mysore Civil Service and have at least equally good record of service and attainments. It is, therefore, impossible for us to make an exception in the case of Mysore alone. You will agree that, in an All-India Scheme, there is little scope for meeting the inferiority or superiority complex of one isolated unit. So far as that point is concerned, I do not see how we can meet what you call "the unanimous opinion of the senior officers of the Mysore Civil Service".

As regards other points, I will have the matter examined and will let you know.

With kind regards,

Yours sincerely,
Vallabhbhai Patel

IMPORTANT
COPY TO P.S. TO HIS HIGHNESS.
Chief Secretary to Government

New Delhi, 19th December, 1950.

My dear Reddy,

Sub: I.A.S(Extension to States) Scheme - Visit of the Special Recruitment Board to Mysore State.

Please refer to your D.O.No.CH-753 dated the 28th November, 1950. As desired by you during the course of the discussion we had here on the subject, I have had the constitutional issue raised by the Mysore Government in respect of the extension of IAS and IPS Schemes to Part B States carefully examined. We are advised that Clause (1) of Article 312 of the Constitution clearly provides that the services created thereunder are all-India services common to the Union and the States. The Indian Administrative Service and the Indian Police Service, which, under clause(2) of that Article, are to be deemed to be services created by Parliament under Article 312 are therefore all-India services common to the Union and the States. Since the Constitution itself has provided that the two services are common to the Union and to all the States, it is not material that any State had not, before the framing of the Constitution, agreed to join the Scheme for the two services.

2. I need hardly emphasise again that the Government of India's decision to extend the two Schemes to Part B States is based on very imperative administrative considerations. We have also explained to you fully the reasons why it is not feasible to exclude Mysore from the operation of the Schemes. Sardar himself considered the whole matter very carefully and his viewswere as communicated in his D.O.No.540.DPM/50 dated 3rd August, 1950 to Basanna. The Mysore Government have already agreed to participate in the Schemes for the two services. The question of the extension of the Scheme to Mysore is therefore no longer an open one. However, as we have assured you from time to time, within the essential framework of the Scheme, we are prepared to go to

the farthest limit to meet the wishes of the Mysore Government. In this connection your attention is invited to Hari Sharma's D.O.No.F.23(67)-S/49 dated 12th August, 1950 to Dasappa which adequately meets the various points raised by the Members of the Mysore Civil Service. I confirm that neither the notification fixing the IAS cadre strength in Mysore nor that appointing selected officers against the cadre strength will be issued without prior consultation and discussion with the Government of Mysore. In the meantime, as agreed to between us, the Special Recruitment Board will be visiting the State on or about the 15th January, 1951, for the purpose of selecting candidates.

Yours sincerely,

(V.P.Menon)

D.O. No. 12/3/50-SRB.
SPECIAL RECRUITMENT BOARD.
New Delhi-2, the 30th January 1951.

My dear Srinivasan,

Please refer to the correspondence resting with your letter No.6333/C.R., dated the 21st July 1950, regarding arrangements for the visit of the Special Recruitment Board to Mysore, in connection with the interviews of State Civil and Police Service Officers.

2. It has now been decided that the interviews of these Civil and Police Service Officers should commence at Bangalore on Wednesday the 7th March 1951. A copy of the provisional programme of the Special Recruitment Board is forwarded herewith. An official letter giving the names and particulars of the officers and the dates on which they are to be interviewed will be sent in due course.

3. In his d.c. letter No.12/3/50-SRB, dated the 14th July 1950, Rangan has already informed you of the composition of the Special Recruitment Board. I have now resumed charge of the office of Secretary of the Special Recruitment Board. I shall accompany the Board during their visit to Bangalore, if possible; otherwise Rangan will be in charge of the Camp office.

4. The Chairman and the Members of the Board will be accompanied by their personal staff consisting of a Private Secretary, four personal assistants and six or seven peons. Our Secretariat staff will consist of a Superintendent (who is a Gazetted officer), 4 members of the ministerial staff and three peons.

5. The exact date of the Board's arrival at Bangalore will be intimated in due course. Arrangements for the stay of the Board and their staff, for telephones (including one for Chairman at his residence) staff cars for the use of the Board, etc., may kindly be made as was done when the Special Recruitment Board visited Bangalore in November/ December 1948- vide para 5 of Rangan's d.c. letter of 14th July 1950. I shall be glad to have urgent confirmation that necessary arrangements

In continuation of my d.o. letter no. 16517/C.B. of 7.2.51, I am writing to say that the following arrangements are proposed to be made at the Residency for the accommodation of the Spl. Recruitment Board :-

The Chairman and members of the Board will be put up in the right wing and the Secy, the Private Secy. and the Supdt. in the left. The staff will be distributed in tented accommodation as noted below :

a) the four P. As. in one tent;

b) the four members of the ministerial staff in another tent; and

c) the peons in one large tent or two small tents as the case may be.

There are two rooms near the Store and these can be occupied by the clerks if prepared. There are no bathing facilities in these rooms.

The "Office room" in the

WD 06171—GPB—30,000—4-6-49

Residency will serve as the Office
[illegible] for the Board as on the last
occasion, and a separate room is being
provided for the Board's staff Office.

Telephones and staff cars
will be arranged as on the last
occasion.

If there are any other
arrangements to be made, I shall
be glad to hear from you at a
very early date.

Yours Sincerely,

Subject: I.A.S.(Extension to States) Scheme - Selection of Mysore Civil Service Officers.

--

Reference: Ministry of States D.O. letter No. F.23(67)-S/49, dated 19th December 1950.

In my D.O. letter No.CH.753, dated 28th November 1950, I stated that, inter alia, the Government of India had kindly agreed that, after the Special Recruitment Board has finished its work, no action would be taken in regard to the publication of the list of officers selected without prior consultation and discussion with the Government of Mysore. I take it that the with-holding of the publication of the names of selected officers until the Government of Mysore have had an opportunity of discussing the results of the Special Recruitment Board with the Government of India is implied in the statement that you have confirmed in the letter cited above, namely, that neither the notification fixing the I.A.S. cadre strength in Mysore nor that appointing selected officers against the I.A.S. cadre strength will not be issued without prior consultation and discussion with the Government of Mysore. It is not specifically stated that the publication of names of selected officers would be with-held, though this is what you definitely stated at the discussion I had with you at Delhi in November last and also at the informal meeting with the officers of the Mysore Civil Service Association at Bangalore. A relevant extract from the proceedings of

P.T.O.

will be sent if needed.
of the later meeting ~~is appended~~. I should be grateful if you would kindly confirm this position.

As the Special Recruitment Board is arriving here on the 7th and is likely to complete its work very soon thereafter, an immediate reply will be greatly appreciated.

Yours sincerely,

For Chief Secretary to

EXTENSION OF THE INDIAN ADMINISTRATIVE SERVICE
TO MYSORE STATE.

*****

Points.	Explanation.	Remarks.
1. Screening and selection of officers is unnecessary, unwarranted and humiliating.	Screening has been done in the case of former provinces where Provincial Services are older than the Mysore Civil Service and have at least equally good record of service and attainments. Government of India, therefore consider that it is impossible to make an exception in the case of Mysore.	
2. Certain senior posts proposed for inclusion in the I.A.S. Cadre should be excluded therefrom in order to make them available for promotion of M.C.S. Officers who are not appointed to the I.A.S.	This would be a mistaken course as it creates an unbalanced service structure. Nevertheless, the matter is open for discussion after the interviews under the scheme have made progress.	
3. The percentage of intake from the re-organised Mysore Civil Service should be higher than 25 per cent - say 50 per cent.	There can be no commitment of this kind at this stage. External recruitment would be diminished, however, for an agreed period to the extent necessary to absorb in the I.A.S. all Officers who are selected as suitable even though places may not be available for them immediately in the cadre strength to be fixed. Details to be discussed and settled only when the selections have been made.	

4. Position of Officers not appearing for selection.	No reply.
5. Position of Officers not selected.	Their existing rights to retention in posts of the grade to which such a right has already accrued and become vested would be preserved in the manner provided for list III Officers. There is also a suggestion to treat list III Officers in the same way as Officers placed in list II for a period of 2 years.
6. Maintenance of the existing recruitment policy of Mysore Government providing, inter alia for representation of members of the backward communities.	No reply.
7. Rights of existing Officers.	The position of the Officers of the Mysore Government would not be affected in any way until after 2 notifications are published: (a) a notification fixing the I.A.S. cadre strength in Mysore and (b) a notification appointing selected Officers against the cadre strength. Neither of these steps will be taken until after full discussion with the Government of Mysore. This can take place, however, only after the interviews have made progress.
8. Gradation, initial pay etc.	These would be based on recommendations of the Special Recruitment Board and are best discussed after selections have been made.

CONFIDENTIAL

My Dear Sri Menon,

Subject: I.A.S. (Extension to States) Scheme - Visit of the Special Recruitment Board to Mysore State.

*****

1) I refer to the discussions which I had with you during my visit to Delhi between 15th and 19th instant and request that it may kindly be confirmed that the constitutional and legal aspects of the extension of the I.A.S. to Mysore State which were brought to your notice would be duly examined and the result communicated to this Government as early as practicable.

2) As you will have doubtless seen from the proceedings of the Mysore Legislative Assembly, the Constitutional aspects of the question were raised prominently and by more than one member. The position is not altogether free from doubt and while it may appear from the provisions of Article 312 of the Constitution that the jurisdiction of the I.A.S. over all States in the Indian Union is implied, this may not necessarily be so, and having regard to the fact that each State is free to organise and maintain its own Civil Service, it may even be possible that the establishment of a cadre of the I.A.S. may be found to be unnecessary in a State if there is sufficient justification for such a course and is warranted by circumstances.

3) In the meanwhile, there would be no objection to the Special Recruitment Board visiting the State on or about the 15th January 1951 for the purpose of selecting candidates. I desire, however, to refer to your definite assurance that the selection of candidates by the Special Recruitment Board would be without prejudice to any decision that may be taken by the Government of India on the question of the extension of I.A.S. to the State which would remain open until such time as all the aspects of the scheme are fully discussed, and that there would be no commitment on the part of the Mysore Government with regard to the several detailed aspects of the I.A.S. Scheme. It is noted that, after the selections are over, no action would be taken by the Government of India in regard to the publication of the list of Officers selected or on any other matter connected with the extension of the I.A.S. Scheme to the Mysore State without prior consultation and discussion with the Government of Mysore. It is requested that this may kindly be confirmed.

4) An early reply is requested.

Yours sincerely,

Sd/- K.C.Reddy,

CHIEF MINISTER.

Shri V.P.Menon,
Secretary to Government of India,
Ministry of States, New Delhi.

For Chief Secretary to Government.

Proceedings of the Special Meeting of the Mysore Civil Services Association held at 5 P.M. on 5th January 1951 at the Legislative Assembly Hall, Bangalore.

(The decision to hold this meeting was taken at 4 P.M. on 4th of January 1951, and in view of the short notice it was decided to invite only those members of the Association resident in Bangalore. A list of members present is appended).

Rajakaryaprasakta Sri V.Vedavyasacharya, B.A., Revenue Commissioner in Mysore, presided.

At the outset, the President welcomed Sri V.P.Menon, Secretary to the Government of India, Ministry of States. He said that Sri V.P.Menon, was so well known by his achievements to all the members present that he hardly needed any formal introduction. He was good enough to agree to address the members regarding the various aspects of the extension of the Indian Administrative Scheme to Mysore. That question had been under correspondence between the Government of Mysore and the Government of India for more than a year, and it had also been discussed at more than one meeting of the Mysore Civil Services Association. Various views had been expressed on the many features of the scheme drawn up by the Government of India. Copies of the proceedings of those meetings would explain in detail the opinion of the members of the Association on several points, and the President was sure that they had been forwarded by the Mysore Government to the Government of India for favour of consideration. He felt that it was but natural for the members of the Mysore Civil Services Association to feel rather agitated as to what exactly their position would be after the extension of the I.A.S. scheme. The members of the services had some doubts and difficulties as to how the scheme would actually work. He was glad that Sri V.P.Menon, had agreed to come and help them to a large extent to solve their doubts, and to throw light on matters which are still considered uncertain. He was confident that Sri V.P.Menon, would be kind enough to elucidate any particular points on which the members would require clarification. He heartily welcomed Sri V.P.Menon to

P.T.O.

to their midst, and requested him to address the House.

Sri V.P.Menon, then made a speech, the gist of which is given below.-

"Brother Officers,

I suggested to Mr.Srinivasan, that I would like to meet the officers of the Mysore Services, and that I would very much like to put before you for your consideration, the advantages which I feel, that would accrue to you, if you joined the I.A.S. This matter has agitated the minds of the Mysore Officers more than the officers of any other Part"B"State. So far as other states are concerned, every one of them without exception have agreed to participate in the scheme without any reservations. I want to indicate to you broadly the position in this matter. After we achieved independence we have united this country in a manner that has never been attempted before. When we want a huge unified country, and if that unification has to remain and is to have any meaning, there must be what you call an "Administrative Steel Frame" to run this country. It is on that basis that the British built up their strength in this country. We have to follow that example if you want to have one single administrative organisation, which will be effective from Cape Comorin right up to Himalayas for the good governance of this country. By having such an administrative organisation the country will have very great advantages. I am certain that the object of integration of this country will not be achieved if we do not build up an efficient All India Service to man the administrative posts in all the units of this country.

As soon as the integration of the princely states had been achieved to a certain extent, I had a meeting with the Chief Ministers of Part "B" States. I explained to them the imperative need for having an All India Service, and put forward the proposition to them for their consideration. All the Part "B" States agreed in principle to participate in the Scheme. I am glad to say that the people of Travancore and Cochin with far better standards of education than other units like Sowrastra and Rajastan agreed to join in the Scheme. Mysore alone appears to have later felt that there will be dangers if they joined the Scheme and that it would be derogatory if the

the officers were to appear before the Central Selection Board. You have to admit that there is a real need for organising the I.A.S. in this country and that that service should be broadly based, and comprise of the best available talent in this country. I am the Chairman of the Selection Board to make the selections for all appointments of and above the rank of Under Secretary in the Central Secretariat. All the appointments in the Centre from Under Secretary right up to the Secretary is by selection. Even I.C.S. Officers would have to appear before that Board. There is nothing derogatory in the principle of selection. There can be little doubt that when such appointments are to be made a process of selection is inevitable. A selection is necessary and it can be made either by the Central Government, or by the Mysore Government, or by the Union Public Service Commission. After mature consideration we felt, that the Special Recruitment Board, the Chairman of which is the Chairman of the Union Public Service Commission also, will be a body most competent to select men to the I.A.S. I fail to see why the officers of the Mysore Service object to appear before this Special Recruitment Board. I feel that the situation has been misunderstood. There is no implication that your work is not considered satisfactory. What is attempted to be done is only a classification. In all the other States, all the officers including the seniormost officers have appeared before the Board and so far nobody has objected to this procedure being adopted. The Board will examine the Service Registers of the Officers and their Character Rolls. They will also interview the Officers and make the selection in the fairest manner possible. I had a talk with Mr.C.V.S. Rao, Minister in the Government of Hyderabad, recently. He comes from your State and he was a member of the Board, which selected the Officers from the Hyderabad. He was telling me that there was no single case in which an unfair selection was made.

If you accept the main proposition that one steel frame is absolutely essential for the efficient running of this country in future, Mysore certainly will not say that she will not join. The advantage which you would get by joining the Services is this. You will become

P.T.O.

become a part of bigger service with a greater sense of security. Some of you will be called upon to hold special posts in the Central Government. If you go to Delhi and work in the Central Secretariat, your vision will get enlarged and a new vista of opportunities will open up before you. After you come back from Delhi, the way you look at things here will be entirely different, and there can be little doubt that your stay at Delhi would be of lasting benefit not only to you but to your State as well. Your pay and prospects will improve. The opportunities for serving the country in a larger measure are there. I do feel that these are sufficient advantages which must force anybody to participate in the Scheme. If I were a member of the Mysore Civil Service I would gladly say that we should participate in the Scheme. It is true that some men may be selected and others left behind. The man who is selected for the I.A.S. is liable for service anywhere in India and abroad. The man who is left behind in Mysore is not liable to serve beyond Mysore Territory. You cannot complain that the former will get higher salary. He gets it because he will be under a greater liability. If you join the I.A.S. and come to the Centre, there are chances of your becoming a Secretary or a Joint Secretary to the Government of India, a Consul or an Ambassador in foreign countries or a Commissioner of some "C" State like Vindyapradesh or Tripura. Is it not a sufficient advantage? I told your Chief Minister when I had a discussion with him some time back that if there is considerable objections raised by the members of the Mysore Civil Services, I do not want you to join. Left to myself I would leave you out for five or six years and then you will learn the hard way. If you want to adopt the policy of a frog in the well, I have no objection. I am convinced that by joining the service, there are immeasurable benefits which will accrue to all of you.

It is true that there are differences in the scales of pay of the I.C.S. and the Provincial Services. Though I do not belong to the I.C.S. I have always fought for the principle that if you want a good service you must pay for that service. You cannot get the best man with the best brains to-day unless you pay him well.

In choosing the candidates, the persons who are found immediately fit and who will be put into List I will be straightaway absorbed in

in the I.A.S. A second list will be prepared of persons who may become fit in a few years and they will be absorbed into the I.A.S. after periodical examination. It is not my intention to fill up the vacancies till all the men in List II have been given a fair chance to prove their claims. I have promised the Chief Minister that after the Special Recruitment Board comes here and officers are screened, the names of officers selected will not be published without discussion with the Chief Minister. These are the considerations which the Government of India are prepared to show to Mysore. All the appointments which we earmark for the I.A.S. will be filled up by the existing service men, although they might not have been initially selected for the I.A.S. The idea is that the Scheme will be gradually implemented so as to have I.A.S.men in the posts which are listed within a short period.

We have been considering the question of the initial pay which a person will get in the I.A.S. after he is selected. My idea is that his pay should be calculated on the basis of what he would have drawn had he joined the I.A.S. at the time he joined the Mysore Civil Services. This idea is still under examination and I will press acceptance of this with all the power at my command.

Believe me when I say that there are great advantages in Mysore joining the I.A.S. I am a serviceman myself and I will not let the interests of the service-men suffer or lead them into a misconception. I say this much, that whatever may be the self-interest at the present moment and whatever may be your individual grievance, you have to set an example to the country. The future of the country is much more important than anything else. This scheme has been acceptable to Madras, Bombay, Bengal, Madyapradesh, Sowrastra and all Part "B" States. I believe that what is good for them must be good for you also, and you as patriotic men must say that you will join. I am now prepared to answer any question that you may put to me".

Sri G.N.Nagaraja Rao) I represent the Police Officers of the State. I am the Inspector General of Police. I would like to know whether the same remarks apply to Police Officers also?

P.T.O.

Sri V.P.Menon) Exactly, it will apply.

Sri G.N.Nagaraja Rao) Will the pay be equated with the corresponding scale? Supposing a D.S.P. in Mysore is selected for I.P.S. will he be appointed as D.S.P. in I.P.S.?

Sri V.P.Menon) He will be equated in the corresponding scale of the I.P.S.

Sri G.N.Nagaraja Rao) We want clarification. Taking into account his service as D.S.P. with necessary weightage are you going to take him as D.S.P. or A.S.P.?

Sri V.P.Menon) Broadly speaking, he will be equated according to the length of service in the I.P.S. A man with 10 years service as D.S.P. would according to me get what he would have got, had he joined the I.P.S. 10 years ago. This particular point I want to press on the Home Ministry.

Sri G.N.Nagaraja Rao) We would like to have a definite assurance on this point.

Sri V.P.Menon) Assurance you will get in the sense that what is good for the several units has to apply for Mysore also. You cannot ask for something entirely different.

Sri G.N.Nagaraja Rao) That assurance will help a good deal.

Sri A.C.Nirvani Gowda) Will it be possible for the Selection Board, in the short time available to it for interview, to judge the various qualities that make a competent officer and to classify them either in List I, List II or List III.

Sri V.P.Menon) In addition to the interview the Service Register and the Character roll of the officer will be carefully examined. A good record of service is absolutely essential if an officer is to be selected to the I.A.S. In the interview the members of the Board must be fully impressed with the capacities of the officer. From all the reports that I have heard till now, I

I have been satisfied that the selections that are made by the Board have been fair and above board, and that only the most competent men have been selected for the I.A.S.

Sri A.C.Nirvani Gowda) Don't you think it would be desirable to allow the Mysore Government itself to make selections?

Sri V.P.Menon) Certainly not. When we are creating an All India Service, the selection must be made by an All India Authority. So far as posts in the State itself are concerned the Local Government can certainly make selections, but when officers are to be selected for an All India Service and who may be called upon to hold appointments in the Union Government, the selection must be by an independent authority. I cannot accept the proposition that the selections can be made for the All India Services by the Local Governments.

Sri S.Muninanjappa) Is it compulsory for all the officers to appear before the Selection Board?

Sri V.P.Menon) Nobody is going to compel you to go before the Board. You need not go at all for the selection. That would only mean that you will not be eligible to hold any of the posts earmarked for the I.A.S. You can retire or hold any other jobs which the State Government may give.

Sri T.Rangamalliah) Suppose six people are selected by the Board, will their seniority as it exists to-day in the M.C.S. be retained even in the I.A.S.?

Sri V.P.Menon) The seniority inter se will be maintained.

Sri S.Muninanjappa) Will Officers of the I.A.S.Cadre of other States be sent to Mysore?

Sri V.P.Menon) No other Officer will be sent to Mysore unless your Government wants an outsider. Nothing is proposed to be done to start with which will do violence to the existing officers.

P.T.O.

To start with, the Mysore Cadre will be confined to Mysore Services. The future recruitment will be on the basis of open competitive examination held for the whole of India.

Sri T.Rangamalliah) In the beginning, if the Board selects a number less than the required number, how is the administration to be carried on?

Sri V.P.Menon) As I have already pointed out the existing people will carry on. Outsiders will not be sent unless the local Government wants them.

Sri K.Chickanarayanaswamy) Can you give us an assurance that after the selections are made the prospects of persons left over will not suffer?

Sri V.P.Menon) The intention of the Government of India is to see that the rights of the existing personnel is safeguarded to the maximum extent possible. No reform is possible without causing suffering to a few people. It is difficult to say that the prospects of everybody will be completely safeguarded. The idea is that the persons holding the present posts will continue to hold them even if they are not selected and that on their vacating those offices the I.A.S. men will hold them if they happen to be listed appointments.

Sri K.Chickanarayanaswamy) We have all joined the service as brothers. Why should there be any discrimination?

Sri V.P.Menon) As I have already pointed out the principle of selection is inevitable. Even here in Mysore State I am certain that when you want to fill up a selection appointment like the Chief Secretary, Revenue Commissioner, Excise Commissioner, etc., you do make a selection. It certainly does not go by routine seniority. The same principle has to be applied when making the initial selection to the I.A.S. Everything being equal, seniority counts. I will give you this advice that it will be in your interests to join. There may be an injustice here and there but by and large it is certainly in the interests of the State and services to join.

Sri G. Venkata Krishna Rao) Is participation in the I.A.S. Scheme inevitable? Can Mysore be allowed to keep out of the Scheme?

Sri V.P.Menon) Integration is inevitable. It has to be done.

Sri G.Venkata Krishna Rao) In the recently announced Indian Civil Administrative Cadre has any quota been fixed for Mysore?

Sri V.P.Menon) I do not think so. But I can assure you that whatever treatment is given to Part "A" States, it will certainly be extended to Mysore also.

Sri N.Puttarangaswamy) In Madras persons who held certain posts on a particular date were automatically taken into the I.A.S. Is it not possible to give the same treatment here?

Sri V.P.Menon) It will not be possible to do so. Everybody has to be screened. I believe the persons in Madras too had to go through a selection at the time they were first appointed to the listed posts.

Sri N.Chinna Reddy) How many will be taken from the lower grade?

Sri V.P.Menon) The strength of the lower cadre is only six. But all those who will be found fit will be taken. We have accepted the principle contained in the request of the Mysore Government.

Sri T.Ranganalliah) Are Mysore Officers liable to be transferred elsewhere?

Sri V.P. Menon) Yes, throughout India. Once you are selected to the I.A.S.Cadre you may have to take up a job anywhere in India. But usually you will go either to the Centre or to some special appointment like the

P.T.O.

the Chief Commissioner of Part "C" State, like Vindyapradesh or Tripura, where you will have various perquisities like a free car, a free house, sumptuary allowance, etc.

Sri M.A.S.Rajan) Will there be lists I, II and III for Junior Officers also?

Sri V.P.Menon) I think so.

Sri D.K.Srinivasachar) If an Officer drawing Rs.800/- or Rs.1,000/- here is posted to a place where the cost of living is twice as much would there be a change in the emoluments?

Sri V.P.Menon) For some appointments you will have special allowances. After selection you are most likely to get a higher rate of pay.

NOTE:- The questions and replies above are not exhaustive, but indicate the more important questions that were asked.

In conclusion the President of the Association thanked Sri V.P.Menon for his valuable address. It was extremely good of him to have explained the various implications of the Scheme in such a lucid manner and resolved most of the doubts and uncertainities which the members had felt about the scheme. He was sure that the members of the Association would take in proper spirit the advice and suggestions given by Sri V.P.Menon.

The meeting came to a close at 6.30 P.M.

DRAFT COUNCIL NOTE.

Subject:- Indian Administrative Service(Extension to States) Scheme- Selection of Mysore Civil Service Officers.

In connection with the above, two officers of the Mysore Civil Service, whose names are noted in the Margin*, have definitely stated their unwillingness to appear before the Special Recruitment Board as they have no intention of joining the Indian administrative Service, and the following officers have made an enquiry whether it ~~was~~ is obligatory on their part to appear before the Special Recruitment Board and what would be the consequence of their choosing to stand out of the I.A.S.

*)Sri K.Guru Dutt, Director of Public Instruction in Mysore,

)Sri H.S.Mallaraj Urs, Asst.Secretary to H.H.the Maharaja of Mysore.

3)Sri K.Thipperudriah, Deputy Commissioner, Tumkur District,
2)Sri S.Muninanjappa, Deputy Commissioner doing duty as Director, Mysore Iron and Steel Works,Bhadravati,
1)Sri L.Muniswamy, Deputy Commissioner, Shimoga District.

This matter has been informally discussed in Council on more than one occasion and the Hon'ble Chief Minister has minuted in a note dated 4-3-1951 that the following would seem to represent correctly the opinion of the Council:

"The appearance of the officers before the Special Recruitment Board is not obligatory. We cannot compel them to appear if they do not desire to do so.

It must be made clear, however, that such officers will lose the advantage or opportunity of being posted to a post that will after further discussion with the Govt. of India ~~will~~ be included in the I.A.S. Cadre. They will have to be content with such opportunities as may be available in the non-I.A.S. posts, i.e., Mysore State Civil Service posts.

In the case of officers who are holding already such posts that may be included in the

I.A.S. Cadre, if they choose not to appear for Selection, then they may be allowed to remain in such posts till their retirement, as in the case of Officers who may appear but who will be put in Class III, subject to the same being agreeable to the Govt. of India. Regarding their promotions to posts in the I.A.S. Cadre, there may be difficulty. It would be desirable and preferable for our Officers to appear before the Board. But, if they choose not to, we cannot help it. We cannot compel them. But we cannot give them retirement benefits. They must be content with such limited openings outside the I.A.S. cadre posts or limited benefits within the I.A.S. Cadre in such cases where the Officers are already holding posts that ~~xx~~ may be included in the I.A.S. Cadre finally. Details will have to be finalised after further discussions with the Govt. of India."

The above is for consideration and confirmation by Council.

Draft of a letter proposed to be issued to the Officers concerned is also appended.

CONFIDENTIAL/IMMEDIATE: DRAFT.

Bangalore, dated ..... March 1951.

Dear Sir,

Subject:-Emergency Recruitment to the Indian Administrative Service and the Indian Police Service.- Selection of Mysore Civil and Police officers under the Indian Administrative Service and Indian Police Service(Extension to States) Schemes.

With reference to your letter dated .... I am desired to state that the situation arising out of a choice exercised by officers to stand out of the Indian Administrative - Service has been carefully considered. ~~and the following decision has been reached:~~

Government ~~wish to make it clear~~ feel that no officer can be ~~or will be~~ compelled to join the I.A.S. or to appear before the Special Recruitment Board, if he chooses not to do so. At the same time, they want to make it equally clear that such officers will necessarily lose the advantage or - opportunity of holding a post which may be included hereafter in the I.A.S. Cadre. They will have to be content with such limited prospects as may be available to them in posts outside the I.A.S. In the interests of the officers themselves and in the larger interests of the State, it seems to Government that it would be desirable that the officers appear before the Special Recruitment Board. But if they still choose not to do so after knowing the above position ~~Government do not for one moment wish to compel them to do so~~ otherwise. they run the risks mentioned above.

... but they cannot ... compulsorily ... by opening ... removed prematurely

The exact position of officers who may choose to stand out of the I.A.S., is yet to be ~~ascertained~~ determined and will doubtless be the subject of negotiation with the Govt. of India. Pending the outcome of such negotiation and the decision of Govt. in the future, the position as far as it could be ascertained at present seems to be that those who may choose to stand out of the I.A.S., may not be worse off than those who may appear before the Board and fail to qualify for the I.A.S. This has, however, to be confirmed by the Govt. of India. The question of their normal promotion and prospects under the Government of Mysore has also to be examined in the light of future developments. ~~is not yet to be clarified.~~

I am, therefore, to say that you will be well advised to consider the above facts before coming to a final decision whether you would appear before the Special Recruitment Board or not.

I am to request that your final reply may be sent at the earliest possible date within the date on which the Special Recruitment Board has programmed to interview you.

Yours sincerely,

17/3/57.

TO: THE OFFICERS CONCERNED.
